(506) 784-1405

As you may have noticed, the McAdam Fire Department has been making a concerted fundraising effort through meal offerings. This multi-year goal is to raise enough funds to upgrade our Water Rescue Craft to one that can carry more personnel and equipment.

We would also like to announce our newest member, Gary Bowser.

Gary has long been helping with on-scene support; equipment de-mobilization & clean-up, and going through the paces to don bunker gear in less than a minute. Welcome to the department, Gary.
