

McAdam Senior Housing Complex Inc.

March 15, 2022

The Board of the McAdam Senior Housing Complex Inc. is working to expand the number of apartments we can offer seniors living in and around McAdam. These additional apartments will provide our seniors a level of affordability, security and maintenance-free living they might not otherwise find in our community.

We have a growing list of people wishing to take an apartment in the complex but unfortunately, the ten existing apartments are full so there are no apartments readily available. We know that the lack of available apartments has caused several people to move away from McAdam and has likely discouraged others from applying. Therefore, the first step the Board must take to initiate this expansion project is to determine the number of apartments needed or projected to be needed in the next 10 years.

We all know someone who could currently use this type of housing or someone who may be able to use it a few years from now. Perhaps even ourselves. Please let us know if you or someone you know might be interested in taking an apartment by sending us an Email at mcadamseniorcomplex@gmail.com or by calling Marcia Scott at the Complex 784-7001. By submitting your name or the name of a prospective senior tenant to the Board, you are not committing yourself or that individual to taking an apartment. We just need to have an idea of how many apartments may be needed in the future for planning purposes.

If you feel, as we do, additional apartments are needed to support our seniors in McAdam, please let us know if you or someone you know could use one of these apartments now or down the road.

Thanking you in advance on behalf of the McAdam Seniors Housing Complex Inc. Board.

Mitchell Little

President, McAdam Seniors Housing Complex Inc.
